Classification, Intervals and additional notes

Class	----- de -----	----- en -----	----- fr -----	----- es -----	----- it -----
●	Verschleißteil: Definition: Zu erwartende Lebensdauer des Teiles ist kleiner als die zu erwartende Lebensdauer des Produktes! - Bei Ausfall nicht mehr funktionsfähig oder sicherer Einsatz des Produktes nicht mehr gewährleistet - Verminderte Gewährleistung - Wir empfehlen, diese Ersatzteile im lokalem Lager zu bevorraten. Hinweis: Der Verschleiß und das Wartungsintervall sind abhängig von: - der Einsatzzeit - Art und Häufigkeit der Verwendung - Alter der Maschine	Wearing part: Definition: The expected lifetime of the part is shorter than the expected lifetime of the product! - In the event of failure, no longer functional or safe use of product no longer guaranteed - Reduced warranty - We recommend stocking these replacement parts in the local warehouse. Note: Wear and the maintenance interval depend on: - Usage time - Nature and frequency of use - Age of machine	Pièce d'usure : Définition : La durée de vie prévisible de la pièce est inférieure à la durée de vie prévisible du produit ! - Plus en ordre de marche en cas de panne ou utilisation sûre du produit plus garantie - Garantie réduite - Nous conseillons d'avoir ces pièces de rechange en réserve dans un entrepôt local. Remarque : L'usure et l'intervalle d'entretien dépendent des facteurs suivants : - durée d'utilisation - nature et fréquence de l'utilisation - âge de la machine	Pieza de desgaste: Definición: La vida útil esperada de la pieza es menor que la vida útil esperada del producto. - En caso de avería ya no está en condiciones de funcionar o el uso seguro del producto ya no se garantiza - Garantía reducida - Se recomienda almacenar esas piezas de recambio en un almacén local. Nota: El desgaste y el intervalo de mantenimiento dependen: - del tiempo de servicio - del tipo y frecuencia de uso - de la edad de la máquina	Parte soggetta a usura: Definizione: Il ciclo di vita prevedibile del componente è inferiore al ciclo di vita prevedibile del prodotto. - In caso di avaria il prodotto non è più in grado di funzionare oppure non ne è più garantita la sicurezza d'impiego - Garanzia ridotta - Consigliamo di tenere una scorta di questi ricambi nel magazzino locale. Avvertenza: l'usura e l'intervallo di manutenzione dipendono da: - tempo operativo - tipo e frequenza dell'impiego - età della macchina
⊙	Funktionsteil: Definition: Die zu erwartende Lebensdauer des Teiles ist gleich oder größer als die zu erwartende Lebensdauer des Produktes! - Bei Ausfall nicht mehr funktionsfähig oder sicherer Einsatz des Produktes nicht mehr gewährleistet - Standard Gewährleistung - Wir empfehlen, diese Ersatzteile im lokalem Lager zu bevorraten.	Function part: Definition: The expected lifetime of the part is the same as or longer than the expected lifetime of the product! - In the event of failure, no longer functional or safe use of product no longer guaranteed - Standard warranty - We recommend stocking these parts in the local warehouse.	Pièce fonctionnelle : Définition : La durée de vie prévisible de la pièce est égale ou supérieure à la durée de vie prévisible du produit ! - Plus en ordre de marche en cas de panne ou utilisation sûre du produit plus garantie - Garantie standard - Nous conseillons d'avoir ces pièces de rechange en réserve dans un entrepôt local.	Pieza funcional: Definición: La vida útil esperada de la pieza es igual o mayor que la vida útil esperada del producto. - En caso de avería ya no está en ndiciones de funcionar o el uso seguro del producto ya no se garantiza - Garantía estándar - Se recomienda almacenar esas piezas de recambio en un almacén local.	Parte funzionale: Definizione: Il ciclo di vita prevedibile del componente è uguale o superiore al ciclo di vita prevedibile del prodotto. - In caso di avaria il prodotto non è più in grado di funzionare oppure non ne è più garantita la sicurezza d'impiego - Garanzia standard - Consigliamo di tenere una scorta di questi ricambi nel magazzino locale.
○	Nicht-Funktionsteil: Definition: Die zu erwartende Lebensdauer des Teiles ist gleich oder größer als die zu erwartende Lebensdauer des Produktes! - Bei Ausfall weiterhin funktionsfähig und ein sicherer Einsatz des Produktes ist gewährleistet - Standard Gewährleistung - Wir empfehlen, diese Ersatzteile bei einem Bedarf über das Zentrallager zu bestellen.	Non-function part: Definition: The expected lifetime of the part is the same as or longer than the expected lifetime of the product! - In the event of failure, still functional and safe use of the product is guaranteed - Standard warranty - We recommend ordering these replacement parts as required via the central warehouse.	Pièce non fonctionnelle : Définition : La durée de vie prévisible de la pièce est égale ou supérieure à la durée de vie prévisible du produit ! - Toujours en ordre de marche en cas de panne et utilisation sûre du produit garantie - Garantie standard - Nous recommandons de commander ces pièces de rechange au besoin par le biais de l'entrepôt central.	Pieza no funcional: Definición: La vida útil esperada de la pieza es igual o mayor que la vida útil esperada del producto. - En caso de avería aún en condiciones de funcionar y el uso seguro del producto se garantiza - Garantía estándar - Se recomienda pedir esas piezas de recambio al almacén central, en caso de necesidad.	Parte non funzionale: Definizione: Il ciclo di vita prevedibile del componente è uguale o superiore al ciclo di vita prevedibile del prodotto. - In caso di avaria il prodotto continua ad essere in grado di funzionare e ne rimane garantita la sicurezza d'impiego - Garanzia standard - Consigliamo di ordinare questi ricambi in caso di necessità attraverso il magazzino centrale.

Intervall	Wartungsintervall des Verschleißteiles	Maintenance interval for wearing part	Intervalle d'entretien de la pièce d'usure	Intervalo de mantenimiento de la pieza de desgaste	Intervallo di manutenzione della parte soggetta a usura
h	Stunden	hours	heures	Horas	ore
d	Tage	days	jours	Días	giorni
m	Monate	month	mois	Meses	mesi
cy	Zyklen	cycles	cycles	Ciclos	cicli
-	ohne definiertes Wartungsintervall	No defined maintenance interval	pas d'intervalle d'entretien défini	Sin intervalo de mantenimiento definido	senza intervallo di manutenzione definito

Customer	Austausch des Teiles durch den Kunden (Werkstatt)	Replacement of part by customer (workshop)	Remplacement de la pièce par le client (atelier)	Sustitución de la pieza por el cliente (taller)	La sostituzione del componente da parte del cliente (officina)
-	ist nicht erlaubt.	Not permissible.	pas autorisé	no está permitida.	non è ammessa.
x	ist erlaubt (Diese Ersatzteile sind auch in der Betriebsanleitung aufgeführt)	Permissible (these replacement parts are also listed in the operating instructions)	autorisé (ces pièces de rechange sont également indiquées dans la notice)	está permitida (estas piezas de recambio también se indican en las instrucciones de	è ammessa (questi ricambi sono riportati anche nelle istruzioni d'uso)

Part-number	Bestellnummer des Ersatzteiles oder Verweis auf ein Standardteil	Order number of replacement part or reference to standard part	Référence de commande de la pièce de rechange ou signalement de pièce normalisée	Número de pedido de la pieza de recambio o nota sobre la pieza normalizada	Codice di ordinazione del ricambio o avvertenza sul componente unificato
Normpart	Normteil: Ersatzteile, die normalerweise über unterschiedliche Kanäle bezogen werden können wie z. B. Schrauben, Muttern, O-Ringe, Tintenpatronen. Alle 3 Ersatzteil-Kategorien (siehe Class) sind möglich	Normpart (Standard part): Replacement parts which can normally be obtained through various channels e.g. bolts, nuts, O-rings, ink cartridges. All 3 replacement part categories (refer to Class) are possible	Pièce normalisée : Pièces de rechange qui peuvent normalement être obtenues par le biais de différents canaux, par ex. les vis, écrous, joints toriques, cartouches d'encre. Les 3 catégories de pièces de rechange (voir Class) sont possibles	Pieza normalizada: Piezas de recambio que se pueden adquirir normalmente a través de diferentes vías, p. ej., tornillos, tuercas, anillos de sección circular, cartuchos de tinta. Las tres categorías de piezas de recambio (véase clase) son posibles.	Parte unificata (componente unificato): Si tratta di ricambi che in genere possono essere acquistati attraverso diversi canali, come ad es. viti, dadi, O-ring, cartucce di inchiostro. Sono possibili tutte e 3 le categorie di ricambi (vedi Class)

Date	Product	Editor	Modification
06.10.2025	All	Weimer	Phase out part numbers for Andiamo LPP, MPP, HPP and update drawing
17.04.2023	All	Weber	LPP: replaced SP00101436 with SP01100077 and SP00101437 with SP011000078
17.04.2023	All	Weber	MPP: replaced SP00101436 with SP01100077 and SP00101437 with SP011000078
17.04.2023	All	Weber	HPP: replaced SP00101436 with SP01100077 and SP00101437 with SP011000078
17.03.2023	All	Weber	LPP: Updated manifold
17.03.2023	All	Weber	MPP: Updated manifold
17.03.2023	All	Weber	HPP: Updated manifold
16.12.2022	All	Weber	LPP: Updated partnumbers of manifold, sticker, bottles, hoses and quick coupler due to standardization
16.12.2022	All	Weber	MPP: Updated partnumbers due to changed housings, sticker, bottles, hoses and quick coupler due to standardization
16.12.2022	All	Weber	HPP: Updated partnumbers due to changed housings, sticker, bottles, hoses and quick coupler due to standardization
31.05.2021	All	Delmonte	MPP: Added p/n SP00101151, BX:1682666419, Conv. kit to yf and deleted p/n SP00100279. Replaced P/Ns quick couplers (134a), main manifold
31.05.2021	All	Delmonte	HPP: Added p/n SP00101151, BX:1682666419, conversion kit to yf and deleted p/n SP00100279. Replaced P/Ns quick couplers (R134a)
27.05.2021	All	Delmonte	VDA: Added p/n SP00101151, BX:1682666419 and deleted p/n SP00100279. Replaced P/Ns quick couplers (R134a) and p/n mains filter
13.05.2021	All	Delmonte	Andiamo LPP: New
08.05.2020	All	Delmonte	HPP: Updated part number "in work" and added rubber L fitting oil drain.
08.05.2020	All	Delmonte	MPP: Updated part number "in work" and added rubber L fitting oil drain. Replaced SP00101963/928 by SP00102023/SP00101709
05.03.2020	All	Delmonte	Andiamo VDA: Update of some part numbers "in work"
07.01.2020	All	Delmonte	Andiamo VDA: New
07.01.2020	All	Delmonte	Updated all Italian descriptions in English, some classification of spare parts and descriptions of the transducers
05.09.2019	All	Delmonte	Added printer paper SP00100087 and update some part numbers "in work". Added p/n cover grey for ACS 663 and ACS 653
10.07.2019	All	Delmonte	Update some part numbers "in work" Andiamo HPP and MPP
03.05.2019	All	Delmonte	Changed part numbers of the wheel, replace SP00101019 by SP00101190
11.04.2019	All	Delmonte	Changed part numbers of the solenoid valves with Ceme and at Page 7, Pos. 8 and 9 turned
10.01.2019	All	Delmonte	Update drawing and part numbers for Andiamo HPP
09.01.2019	All	Delmonte	Andiamo MPP: New
11.08.2018	All	Ruoff	ACS 763 and 863: Page 9, Pos. 5 and 6 turned
26.06.2018	All	Ruoff	Update of some part numbers "in work"
16.05.2018	All	Ruoff	Update of some part numbers "in work" and N2, and added pos. 14 for ACS 763 and ACS 863
09.05.2018	All	Ruoff	Update of some part numbers "in work" and N2
06.04.2018	All	Ruoff	New drawing and new part numbers manifold, new and changed part numbers of the flushing kit
26.03.2018	All	Ruoff	New drawing and part numbers, new and changed part numbers of the flushing kit
10.10.2017	All	Ruoff	New
